3. (Unclassified - JGO) Met with Carol Katawczik, in the office of Representative David Towell (R., Nev.), and discussed with her a constituent letter of 15 May concerning Agency involvement in Watergate. I gave her a copy of the Post editorial of 18 May and the Agency's unclassified publication entitled "Central Intelligence Agency" for her use in responding to the constituent.

4. (Internal Use Only - JGO) Met briefly with Representative Dante Fascell (D., Fla.) and told him that we had no information in addition to that he had provided concerning possible involvement of former Customs, Immigration, and Agency related individuals in current "Mafia" type activities in the Miami community. He has no names of specific individuals at the moment but will provide the names as soon as they are received and would appreciate advice whether there is any continuing relation with the individuals. [redacted] DCS, and [redacted] WH Division, have been advised.

6. (Confidential - JGO) Met with Ralph Preston, House Appropriations Committee staff, and reviewed the index of Agency documents provided congressional committees in the various hearings in the Agency involvement in the Watergate/Ellsberg matter. I told him that we would provide a complete set for his reference in the next day or so. With regard to the Committee hearing on Monday, he said he will not be preparing questions for use by the Chairman and members for this meeting. The Committee will be looking to Mr. Colby to fill them in and bring them up-to-date to the extent necessary in Mr. Colby's judgment. Although the Senate has passed the second supplemental bill, Preston does not feel the scheduling of the conference will at this time in any way interfere with the Monday afternoon meeting with Mr. Colby.
